

HARPAGYL

HARPAGOPHYTUM CONCENTRATE

Description

All horses, regardless of their activity, experience strain affecting their musculoskeletal system. Repeated strain may lead to discomfort or stiffness, and creates specific nutritional requirements.

Purpose

HARPAGYL is a complementary feed formulated by AUDEVARD Laboratories. It is designed to provide nutritional support to meet the increased musculoskeletal needs of active and older horses.

Formula

The unique HARPAGYL formula offers maximum concentration (50% harpagophytum) and guaranteed harpagoside content. It is also reinforced with omega-3.

Our advice

HARPAGYL should be alternated with EKYFLEX ARTHRO to improve joint health in the long term.

Daily allowance

1 measure: 15 g.

For the purposes of anti-doping tests, it is advisable to withdraw crude harpagophytum-based products 48 hours prior to a competition.

Instructions for use:

For the purposes of anti-doping tests, it is advisable to withdraw harpagophytum-based products 48 hours prior to a competition.

1 measure: 15 g
