

SALLI TWIN

Salli Twin is easy to use!

An excellent saddle chair for both genders, cool and healthy. Ideal in situations where several people use the same chair and there is no time for adjustments.

SEAT

- Two-part seat with tilting mechanism as standard, without tilting mechanism upon request
- 3 mm black-painted steel plate
- Leather, artificial leather, ESD artificial leather, or wool

GASSPRINGS

	User height (cm)	Chair height Gas springs (mm, min-max)	Chair height Gas spring with Top&Bottom (mm, min-max)
Short	<150	470-600	480-615
Medium	150-175	560-745	595-780
Long	>165	635-880	640-895

Mini gas spring is available for special circumstances; use depends on the working height, not on the height of the user

Note! If you are using industrial or inline castors, the chair is 35 mm higher than the measurements shown in the table.

- Max load 120 kg
- 10-year warranty

ACCESSORIES

Suitable for Salli Twin

ALLROUND

Allround moves freely on all sides of the chair, and also around its own axis. Can be used as a support for either one arm or both arms.

ELBOW REST

Comfortable and steady support for the forearms on the sides and in front. Relaxes the shoulders by carrying the weight of the arms. Good for any precise work. Simple height and distance adjustment (15 cm, 5 cm)

ELBOW REST 3D

Specially designed for surgeons. It moves smoothly from side to side and back and forth. Ideal when the user needs to move their forearms while doing something very precise

ERGOREST

Movable forearm supports on the sides. Suits many types of work, moves very smoothly on a constant level around their pivot point. The comfortable support is 20 cm long. It moves 28 cm back and forth and 28 cm sideways

STRETCHING SUPPORT

Stretching Support is meant for momentary stretching only. A backrest isn't needed, because in a balanced position the spine supports the upper body and the muscles can remain relaxed

FOOT SUPPORT

A perfect accessory for high workstations to support the feet. Recommended for temporary use only. Ø 460 mm

TOB & BOTTOM

Enables height adjustment without using the lever by hand. Recommended for hygienic environments, such as operating theatres and dental clinics.
