

# VMS, Simplified

True Plug-and-play compliance lets you remain focused on fishing.

**Nautic Alert**<sup>®</sup>

**Nautic Alert Insight X3 VMS** provides a simple solution to enable NOAA compliance for “**Commercial**” fishing vessels and “**For-Hire**” charter fishing vessels in the U.S.

**Insight X3 VMS used for Commercial fishing vessels offers an All-in-One appliance** providing everything you need including forms and messaging capabilities in one device that automatically reports your location to NOAA using satellite communication.

**Insight X3 VMS used For-Hire charter fishing vessels offers an appliance** that automatically reports your location to NOAA using cellular communication. Form submissions are accomplished by downloading an approved NOAA mobile application.

- ✓ Fits in the palm of your hands
- ✓ Can be mounted in console or bulkhead
- ✓ Connect antennas and power
- ✓ Watch the NOAA logo boundary turn green
- ✓ You are connected to NOAA

## Lowest Cost of Ownership

**Cellular**
